University of Illinois Urbana-Champaign Commencement Ceremony  
152nd Conferral of Degrees, Saturday, May 13, 2023

PRESIDING

**Robert J. Jones**, Chancellor

## Processional

“With Honour Crowned” - Albert Ketelbey

PERFORMANCE BY:

**University of Illinois Commencement Band**

Conducted by Barry Houser, Associate Director of Bands

## Singing of “The Star-Spangled Banner”

(SUNG BY THE AUDIENCE)

*O say can you see by the dawn's early light,  
What so proudly we hail'd at the twilight's last gleaming?  
Whose broad stripes and bright stars thro' the perilous fight,  
O'er the ramparts we watch'd were so gallantly streaming!  
And the rockets' red glare, the bombs bursting in air,  
Gave proof thro' the night that our flag was still there.  
O say does that Star-Spangled Banner yet wave,  
O'er the land of the free and the home of the brave?*

# Jackie Joyner-Kersey

**2023 COMMENCEMENT SPEAKER**

Six-time Olympic medalist and philanthropist Jackie Joyner-Kersey is the 2023 Illinois commencement speaker.

Competing in four different Olympic games in track and field, Joyner-Kersey is the first woman to win back-to-back gold medals in the heptathlon and the first woman to break 7,000 points in the heptathlon – a world record still standing today. She also is the first African American woman to win an Olympic medal in the long jump. ESPN named her one of the 50 Great Athletes of All Time, and she was named Female Athlete of the 20th Century by Sports Illustrated.

Joyner-Kersey grew up in East St. Louis, Illinois, and attended UCLA, where she competed in track and field and basketball, and graduated in 1986 with a bachelor's degree in history. After her Olympic success, she founded the Jackie Joyner-Kersey Foundation, which supports youth and families in her hometown and across the U.S. Established in 1988, the foundation focuses on community development by providing resources and programming on leadership, education and athletics. Joyner-Kersey said her motivation to pursue community outreach began when she was in college.

“As a freshman in college, I was met with a lot of challenges and hardships. I started thinking, ‘Where do the young people go?’ Growing up, I came through a community center that had an impact on my life. It stayed with me,” she said. “It was always my dream to go back home. When I started my foundation, I didn’t do it for popularity. I did it because I felt there was a need there. It was a way to pay it forward before I even knew what paying it forward meant.”

Joyner-Kersey's philanthropic efforts with children's education, health and nutrition eventually led the JJK Foundation to partner with the University of Illinois Urbana-Champaign in 2019. The foundation works with the College of ACES and onsite University of Illinois Extension staff to provide youth with programming and engagement around metropolitan food systems, agriculture, STEM, entrepreneurship, leadership and college readiness.

Joyner-Kersey said the Illinois connection makes it especially meaningful to speak at the universitywide commencement.

“It’s always an honor when the request comes. But having a relationship with the university and Chancellor Jones made it even more special,” she said. “I’m always looking for ways to give my time to help others through their own dreams and aspirations to be the best in whatever field they choose.”

Her commencement address will focus on the importance of believing in yourself.

“You can turn a doubter into a believer as long as you believe,” she said. “But that belief must start with you. Always be willing to put in the work. The job is never done, no matter how successful others say that you are. Always have the hunger. Always be willing and open to challenge yourself. Know that there is only one you. That one you is unique. Allow yourself to spread that uniqueness while helping and supporting others.”

# To the Class of 2023

On behalf of the University of Illinois Board of Trustees, and as a proud alumnus of Illinois, I am honored to bring greetings and congratulations to the Class of 2023.

I hope that these past few years and your experiences here at Urbana-Champaign have been some the best, most rewarding ... and most challenging ... of your lives.

Although it has been quite a few years since I sat in your seat at my own graduation, I still remember the mix of excitement and anxiety I felt, not knowing exactly what the future would hold.

That is understandable.

But rest assured that your experiences here, both in and out of the classroom, have provided you with the foundation to succeed and flourish.

Now take that foundation and build on it. Follow your passions, find your path and never stop learning.

As you take the next steps in your life's journey, know that you carry a bond that forever connects you to your years on this remarkable campus.

You are joining one of the world's largest alumni networks—more than 800,000 strong from across the University of Illinois System's three best-in-class universities.

You will find us in just about every country on Earth.

I hope you will carry our flag with pride, with your successes adding to our global reputation for excellence and attracting the new generations of students who want to follow in your footsteps.

I hope you also will come back to campus often to share your achievements, your experiences and your insights.

And, as you are out there building your career and making the world a better place, know that those of us still here at the U of I will be working for you, ensuring that the value and prestige of your Illinois degree continue to grow.

Congratulations again, Class of 2023!

**Donald J. Edwards,**  
Chairman, Board of Trustees

## To the Class of 2023 (continued)

To the Class of 2023, congratulations!

You now sit before a door that opens onto opportunity, and your years at the University of Illinois Urbana-Champaign have prepared you well.

The memories you have made on the way to this moment, the friends and colleagues who are now a part of your lives, and the exploration you have undertaken these past few years have transformed you and given you the keys to what lies ahead.

And now, with commencement, you can enjoy a well-earned sense of pride and achievement.

Your accomplishments and your ability to adapt and innovate, as well as the sense of civic responsibility you have shown during your time at Illinois, will serve you well in the years ahead.

Take some time today, though, to reflect on this milestone and all that you have learned along the way. Today is among the small handful of days in your lives that you will remember for as long as you live. Savor it, every minute.

As you do, celebrate with those who believe in you and have supported you along the way.

In the future, when you return, we look forward to sharing in your discoveries and successes.

I am deeply honored to celebrate with you.

Congratulations again, members of the Class of 2023!

**Timothy L. Killeen,**  
President

Congratulations on this milestone in your life and career. I truly hope your Illinois journey has been one filled with discovery, joy and a sense of pride in your achievements.

From the day you began at this university, you have defined yourselves by your innovative spirit and desire to learn. Your achievements certainly deserve celebration. Nothing about the last few years has been easy or normal, but through every obstacle, you have continued to set a new standard of excellence here at Illinois.

You should be extraordinarily proud of the work you have done. It takes commitment, tenacity and a great deal of very hard work to earn the right to be wearing this blue regalia, in this seat, in this stadium, at one of the best universities in the world on this day.

On behalf of our entire university community, we are thrilled and honored to welcome you into the Illinois alumni family. I can't wait to see all the great things you will accomplish, and I look forward to celebrating your success as you begin to use your knowledge and skills to impact the world. In the meantime, I hope you stay connected as you embark on your next chapter.

Congratulations!

**Robert J. Jones,**  
Chancellor

# Honorary Degree Citations

## Louis D. Liay Honorary Doctor of Humane Letters

Louis D. Liay, administrator, innovator, advocate. You have the rare ability to build genuine relationships with everyone you meet, and you have used your gifts to expand the base of support for the University of Illinois for more than six decades. Your humanity and dedication to Illinois have made you one of the most beloved and impactful Illini in its history.

Upon completion of your master's degree here in 1962, you began work at Illinois first with the U. of I. Foundation and then joined the Alumni Association in 1966. Your 15-year tenure as Executive Director of the Association was transformative. You developed the largest dues-based alumni association in the nation, invested in a robust alumni records system, introduced new graduates to the organization with a free membership period and championed the creation of the Alice Campbell Alumni Center.

Your work redefined the alumni relations profession nationally and made our association a model of professional programming, data management and membership development.

Your retirement from the highest leadership position at the Alumni Association in 1998 was not your retirement from promoting the university. As an advisor for alumni community development, you continue to be a guiding hand for the organization.

In recognition of your tireless advocacy for the University of Illinois, and upon the recommendation of the Senate of the Urbana-Champaign campus, it is an honor to present you to the President of the University for the honorary degree of Doctor of Humane Letters.

**Presented by:**

**Venetria Patton**, Dean, College of Liberal Arts and Sciences, University of Illinois Urbana-Champaign

## Ares J. Rosakis Honorary Doctor of Engineering

Ares J. Rosakis, scholar, inventor and teacher. You are the world's leading authority on fracture mechanics, working at the intersection of engineering, materials science and earthquake physics. Your scientific discoveries and practical developments have been applied to the mitigation of natural disasters caused by seismic activity.

You were the first to prove that dynamic cracks can propagate intersonically, which opened new fields of study, including experimental fracture mechanics and seismology. You invented the Coherent Gradient Sensor optical imaging technique and designed the first CGS interferometer. You invented an industrial-level CGS instrument that is now used by major industries.

You introduced the concept of "Laboratory Earthquakes" and were instrumental in creating the fastest existing high-speed microprobe infrared thermal camera, which you used for real-time study of dynamic shear bands. In short, your work has expanded the understanding of earthquakes and given the field new vocabularies for describing them, has been recognized with your induction into the National Academies of Science and Engineering, as well as with memberships in many foreign academies and earned the top prizes in your fields.

In recognition of your discoveries, technology transfer activities and mentorship of a generation of new scholars and researchers, and upon the recommendation of the Senate of the Urbana-Champaign campus, it is an honor to present you to the President of the University for the honorary degree of Doctor of Engineering.

# University Honors | Bronze Tablet Scholars

The University Honors designation, the highest academic honor awarded to an undergraduate, is limited to those students who have demonstrated their capacity for sustained academic excellence of a high order. To be eligible for this honor, students must have a cumulative grade point average of at least 3.5 and must rank on the basis of cumulative grade point average in the upper 3 percent of their college graduating class on the basis of all work taken through the academic term prior to graduation.

University Honors recipients wear orange and blue braided cords as part of their formal academic attire.

As recipients of this honor, each of the following students will have his or her name inscribed on a bronze tablet that is displayed in the corridor of the University Library. For this reason, University Honors recipients are known informally as “Bronze Tablet Scholars.”

# Chancellor's Scholars

A four-year program open to undergraduates in all curricula, the Campus Honors Program fosters collaborative relationships between exceptional students and distinguished faculty through small courses, a faculty mentor system, and competitive summer research and travel grants. Admission is awarded to only 125 of the approximately 7,000 freshmen entering the University of Illinois Urbana-Champaign each year, plus about a dozen admitted as first-semester sophomores.

The following Chancellor's Scholars are this year's graduates of the Campus Honors Program:

**Diana Anghel**, Bachelor of Science in Journalism

**Neha Arun**, Bachelor of Science in Liberal Arts and Sciences, Molecular and Cellular Biology

**Shravan Arun**, Bachelor of Science in Architectural Studies

**Michelle Bae**, Bachelor of Music Education

**Tejal Bajaj**, Bachelor of Science in Computer Science

**Tyler Edward Behme**, Bachelor of Science in Liberal Arts and Sciences, Mathematics and Computer Science

**Charles Quinn Blackburn**, Bachelor of Science in Aerospace Engineering

**Anna Grace Bogdanski**, Bachelor of Science in Civil Engineering

**Jonathan Charles Titus Boudreaux**, Bachelor of Music

**Avery Elizabeth Bowen**, Bachelor of Science in Agricultural and Consumer Economics

**Maria Noel Brockamp**, Bachelor of Science in Agricultural and Consumer Economics

**Mary Rachel Burdette**, Bachelor of Arts in Liberal Arts and Sciences, Anthropology and History

**Eliza Shaylee Cadkin**, Bachelor of Science in Special Education

**Albert Cao**, Bachelor of Science in Liberal Arts and Sciences, Mathematics, December 2022; Bachelor of Science in Computer Science, December 2022

**Hannah Elizabeth Caraway**, Bachelor of Science in Liberal Arts and Sciences, Integrative Biology

**Emilia Erika Carlson**, Bachelor of Science in Mechanical Engineering

**John Vincent Bungag Cauilan**, Bachelor of Science in Nuclear, Plasma, and Radiological Engineering

**Elia Chudov**, Bachelor of Science in Finance; Bachelor of Science in Liberal Arts and Sciences, Mathematics and Computer Science

**Wilson Michael Ciecko**, Bachelor of Science in Accountancy

**Mearieta Clemente**, Bachelor of Arts in Liberal Arts and Sciences, Anthropology and Global Studies

**Emma Elizabeth Connelly**, Bachelor of Science in Accountancy and in Finance

**Kamden Murphy Damrow**, Bachelor of Science in Mechanical Engineering

**Amber Eleanor Dorn**, Bachelor of Science in Speech and Hearing Science

**Patrick Martin Driscoll**, Bachelor of Science in Information Systems and in Marketing

**Lindsey Marie Dudley**, Bachelor of Science in Chemistry, December 2022

**McKinley William Dudley**, Bachelor of Science in Animal Sciences

**Akshay Dugar**, Bachelor of Science in Liberal Arts and Sciences, Mathematics; Bachelor of Science in Engineering Mechanics

**Anthony Chase Evans**, Bachelor of Science in Nuclear, Plasma, and Radiological Engineering

**Amanda Celeste Favila**, Bachelor of Science in Computer Engineering

**Samuel Feathers**, Bachelor of Science in Materials Science and Engineering, December 2022

**Amanda Rose Finn**, Bachelor of Science in Animal Sciences

**Lauren Stephanie Gerdes**, Bachelor of Science in Architectural Studies

**Alice Getmanchuk**, Bachelor of Science in Computer Engineering

**Audrey Elaine Godsell**, Bachelor of Science in Aerospace Engineering, December 2022

**Antonio Miguel Gonzalez**, Bachelor of Science in Engineering Physics

**Normante Beata Grabauskaite**, Bachelor of Science in Speech and Hearing Science; Bachelor of Arts in Liberal Arts and Sciences, Spanish

**James Mitchell Gulick**, Bachelor of Arts in Liberal Arts and Sciences, Political Science

**Julia Gwozdz**, Bachelor of Science in Accountancy and in Finance

**Michelle Angelina Hackett**, Bachelor of Arts in Liberal Arts and Sciences, Global Studies and Italian

**Arthur Hall**, Bachelor of Fine Arts in New Media

**David P. Hansen**, Bachelor of Science in Liberal Arts and Sciences, Actuarial Science

**Karina Herrera**, Bachelor of Science in Mechanical Engineering

**Amber Hilde Hunter**, Bachelor of Science in Nuclear, Plasma, and Radiological Engineering

**Michael Jacobson**, Bachelor of Arts in Liberal Arts and Sciences, Gender and Women's Studies and Sociology

**Matthew Chanho Jin**, Bachelor of Science in Computer Engineering

**Benjamin Robert Kelleher**, Bachelor of Science in Physics

**Victoria Kindratenko**, Bachelor of Science in Bioengineering

**Maya Elizabeth Korol**, Bachelor of Science in Liberal Arts and Sciences, Psychology and Political Science

**Tara Mae Leininger**, Bachelor of Arts in Liberal Arts and Sciences, Classics and History

**Samuel Li**, Bachelor of Science in Liberal Arts and Sciences, Mathematics and Computer Science

**Tyler Nelson Livingston**, Bachelor of Arts in Liberal Arts and Sciences, Economics and History

**Isaiah Joseph Lopez**, Bachelor of Science in Biochemistry

**Benjamin Taylor Macke**, Bachelor of Arts in Music, December 2022

**Kathleen Sinead Manzke**, Bachelor of Science in Liberal Arts and Sciences, Psychology and Spanish

**Maria Maring**, Bachelor of Science in Liberal Arts and Sciences, Earth, Society, and Environmental Sustainability and Spanish, August 2022

**Ryan James Martin**, Bachelor of Science in Bioengineering

**Isabel Marguerite Mata**, Bachelor of Science in Aerospace Engineering

**Kirsten Jenna Mazurkiewicz**, Bachelor of Science in Geology

**Marilyn Medina**, Bachelor of Science in Animal Sciences

**Youssef Messeh**, Bachelor of Science in Liberal Arts and Sciences, Molecular and Cellular Biology

**Brett Matthew Meyers**, Bachelor of Science in Industrial Engineering

**Grace Elisabeth Mies**, Bachelor of Arts in Liberal Arts and Sciences, Economics

**Justin Patrick Miner**, Bachelor of Science in Mechanical Engineering, August 2022

**Jacob Abram Minin**, Bachelor of Science in Bioengineering

**Alexander James Morris**, Bachelor of Science in Computer Science, December 2022

**Michael Jerome Neff**, Bachelor of Science in Computer Science, December 2022

**Norberto O. Nieves**, Bachelor of Science in Liberal Arts and Sciences, Psychology

**Kevin Michael O'Hara**, Bachelor of Arts in Urban Studies and Planning

**Meghan Audrey Eunhae Oh**, Bachelor of Science in Materials Science and Engineering

**Margaret Solveig Olson**, Bachelor of Science in Liberal Arts and Sciences, Atmospheric Sciences; Bachelor of Science in Engineering Physics

**Adetayo O. Oriade**, Bachelor of Science in Liberal Arts and Sciences, Psychology

**Nicole Hwajin Park**, Bachelor of Science in Liberal Arts and Sciences, Molecular and Cellular Biology; Bachelor of Science in Food Science and Human Nutrition

**Nicolas Patino**, Bachelor of Science in Physics; Bachelor of Science in Liberal Arts and Sciences, Mathematics

**Mary Grace Pelzer**, Bachelor of Science in Mechanical Engineering

**Lauren Penick**, Bachelor of Science in Interdisciplinary Health Sciences

**Kathryn Elizabeth Pierce**, Bachelor of Music Education

**Jaydeep R. Pillai**, Bachelor of Science in Engineering Physics

**Maxwell Stephen Polanek**, Bachelor of Science in Chemical Engineering

**Nicholas Grant Pollitt**, Bachelor of Science in Agricultural and Consumer Economics

**Naomi Yetunde Popoolapade**, Bachelor of Science in Liberal Arts and Sciences, Molecular and Cellular Biology

**Rahul Ramkumar**, Bachelor of Science in Mechanical Engineering

**Jack Henry Reicherts**, Bachelor of Science in Civil Engineering

**Luke Theodore Robert**, Bachelor of Science in Aerospace Engineering

**Jesus Rodriguez**, Bachelor of Science in Interdisciplinary Health Sciences

**Micah Peter Rubel**, Bachelor of Science in Materials Science and Engineering; Bachelor of Science in Mechanical Engineering

**Bridget Elaine Rubins**, Bachelor of Fine Arts in Studio Art

**Tejas Rajendra Satpalkar**, Bachelor of Science in Computer Engineering

**Abby Schlueter**, Bachelor of Science in Agricultural Leadership, Education, and Communications, December 2022

**Alexander James Schuffler**, Bachelor of Science in Chemical Engineering

**Manushi Shah**, Bachelor of Science in Liberal Arts and Sciences, Chemistry, December 2022

**Max Egil Shepherd**, Bachelor of Science in Computer Engineering

**Rylee Mareka Sjuts**, Bachelor of Arts in Liberal Arts and Sciences, Communication, December 2022

**Valerie Diana Smykalov**, Bachelor of Science in Geology

**Wenjie Song**, Bachelor of Science in Accountancy and in Information Systems

**Jessica Catherine Streepy**, Bachelor of Arts in the Teaching of Spanish

**Sara Jean Striepling**, Bachelor of Science in Special Education

**Alexander Carl Swanson-Linville**, Bachelor of Science in Computer Engineering

**Tony Xuetao Tan**, Bachelor of Science in Computer Science

**Arjunrao Venkata Tangella**, Bachelor of Science in Computer Engineering

**Jacob Dylan Tentis**, Bachelor of Science in Computer Engineering

**Robert Thomas Villa**, Bachelor of Science in Computer Science

**Drew Leland Warner**, Bachelor of Science in Computer Science, December 2022

**Arielle Rachel Weiss**, Bachelor of Arts in Liberal Arts and Sciences, Gender and Women's Studies

**Lauren Wilcox**, Bachelor of Science in Electrical Engineering; Bachelor of Science in Engineering Physics

**Cale Quentin Wolf**, Bachelor of Science in Computer Science and Music

# Academic Dress

Caps and gowns were first worn at Illinois Commencement in 1897. Today, graduating students and faculty members wear traditional academic regalia to signify the degree-granting university and the level of achievement. Graduates wear tassels on the right of their caps and move them to the left after degrees are conferred by the university president.

## Faculty

Faculty members wearing engraved bronze medallions signify endowed chair holders and professors—one of the highest honors the university can bestow on faculty members.

## Board of Trustees

The Board of Trustees gowns are identified with chevrons on a sleeve. The chevrons represent the three campuses and are in order in which the campuses were established.

## President

The president wears the emblematic Jewel of Office at all formal academic ceremonies. The names of the former presidents and their years of service are engraved on the gold collar.

## Chancellor

The chancellor wears the Chain of Office, a symbol of leadership that is engraved with the name of the former chancellors and their years of service. The gold emblem will be worn at all formal academic ceremonies.

## Stole of Gratitude

Students come to the University of Illinois Urbana-Champaign to change the world. While they're here, they find people who forever change their lives. The stole of gratitude provides graduates with the unique opportunity to reflect on their time at Illinois.

After Commencement, new graduates can present the stole to a significant person who supported their personal and academic journey.

## Departments of Study

At Illinois, the tassels for bachelor's degree candidates, the lining of the hoods for master's degree candidates and the velvet edging on the hoods for doctoral candidates indicate the field of study.

# Congratulations Class of 2023

WHEN YOU BRING THE  
BRIGHTEST MINDS TOGETHER,  
**EVERYTHING  
CHANGES.**

Since 1867, the University of Illinois Urbana-Champaign has tackled global problems and expanded the human experience. The more than 500,000 alumni worldwide have a history of turning what might be possible into a reality.

---

As you take your next steps, remember that the familiar  
Illinois orange and blue is never far away.

**STAY CONNECTED**

UNIVERSITY OF  
**ILLINOIS**  
URBANA - CHAMPAIGN

The list of May graduates is as accurate as possible. However, because of production deadlines, names of some degree recipients may not appear, while names of degree candidates may appear even though they have not completed their degree requirements.

The University's official registry for conferral of degrees is the Office of the Registrar, 901 West Illinois Street, Urbana, IL 61801.

Produced by the Office of Public Affairs in collaboration with the Office of the Registrar for the Office of the Chancellor. The University of Illinois is an equal opportunity, affirmative action institution.
