# ACADEMIC DRESS

Caps and gowns were first worn at Illinois Commencement in 1897. Today, graduating students and faculty members wear traditional academic regalia to signify the degree-granting university and the level of achievement. Graduates wear tassels on the right of their caps and move them to the left after degrees are conferred by the university president.

## FACULTY

Faculty members wearing engraved bronze medallions signify endowed chair holders and professors—one of the highest honors the university can bestow on faculty members.

## BOARD OF TRUSTEES

The Board of Trustees gowns are identified with chevrons on a sleeve. The chevrons represent the three campuses and are in order in which the campuses were established.

## UNIVERSITY PRESIDENT

The president wears the emblematic Jewel of Office at all formal academic ceremonies. The names of the former presidents and their years of service are engraved on the gold collar.

## CHANCELLOR

The chancellor is wearing the Chain of Office for the first time at the 2019 university-wide commencement ceremony. A symbol of leadership, the gold emblem will be worn at all formal academic ceremonies.

## STOLE OF GRATITUDE

Students come to the University of Illinois at Urbana-Champaign to change the world. While they're here, they find people who forever change their lives. The stole of gratitude provides graduates with the unique opportunity to reflect on their time at Illinois.

After Commencement, new graduates can present the stole to a significant person who supported their personal and academic journey.

## DEPARTMENTS OF STUDY

At Illinois, the tassels for bachelor's degree candidates, the lining of the hoods for master's degree candidates and the velvet edging on the hoods for doctoral candidates indicate the field of study.

# LARRY GIES

## COMMENCEMENT SPEAKER

Illinois alumnus and philanthropist Larry Gies is the founder and CEO of Madison Industries, an international manufacturing company that is one of the largest privately held companies in the world. The Chicago-based company is dedicated to making the world “safer, healthier and more productive.”

Gies holds a bachelor’s degree in accountancy from Illinois and has returned to give a guest lecture at the university nearly every semester since he graduated.

He and his wife, Beth, made history in 2017 by giving \$150 million, the largest gift in Illinois history, to the leading business school now known as the Gies College of Business.

A native of Mendota, Illinois, Gies said he never considered another college.

“Before I attended Illinois, I had never been on a plane, and I had maybe been to three or four states,” he said. “The university made the entire world more accessible. It changed my life.”

He said the people he met on campus shaped his life.

“The students, the administrators and the professors were so supportive,” he said. “It was truly a family atmosphere. Everyone was so humble, but also passionate about what they wanted to accomplish.

My classmates remain great friends 30 years later, and I sit in an office with eight Illini today.”

But his single most important connection on campus was with Beth, also an Illinois alumna. They spent countless hours chatting on the Quad, studying, taking afternoon runs or just hanging out on campus.

“If not for her, I would not have the ability to affect positive change in the world that I do today.”

During his address, Gies plans to encourage each graduating student to “find your why.”

“It’s about being able to connect the dots from what you are doing each and every day to a higher purpose,” he said. “We all want to find a purpose in life and be passionate about it.”

Though he has given many presentations, Gies said the commencement address feels the most daunting.

“The opportunity to speak at graduation is an honor,” he said. “But it’s not about me. This is such a big day for the students. My hope is that I can give them something meaningful to take with them in the future—a message that will resonate and stick with them for many years. If I can do that, I will have accomplished my mission.”

# TO THE CLASS OF 2019

On behalf of the University of Illinois Board of Trustees, and as a proud alumnus, I am honored to bring greetings and congratulations to the Class of 2019.

Although it has been a few years since I sat where you are, I still remember the mix of excitement and anxiety I felt, not knowing exactly what the future would hold. That is understandable. None of us can foresee what the years ahead will bring. But rest assured that your experiences here, both in and out of the classroom, have provided you the foundation to succeed and flourish. Now take it and build on it. Follow your passions, find your path, stay curious and never stop learning.

As you take the next step in your life journey, know you carry a bond that forever connects you to your years on this remarkable campus. You are joining one of the world's largest alumni networks—nearly 750,000 strong from across the University of Illinois System's three best-in-class universities. As they do, I hope you will carry our flag with pride, with your successes adding to our global reputation for excellence and attracting the new generations of students who want to follow in your footsteps.

I hope you will come back to campus often to share your achievements, your experiences and your insights. And, as you are out there enhancing workplaces and communities around the world, know that all of us you have left behind will be working for you, ensuring the value and prestige of an Illinois degree continues to grow.

Congratulations again, class of 2019!

**Donald J. Edwards**  
Chairman, Board of Trustees

Congratulations, graduates!

There are a small handful of days in life that you never forget. From my own experience, I can tell you that today is one of them, so I hope you savor every minute of it.

Today's lifetime memory is built on hundreds of others you collected during your years at this great university. Your experiences with world-class faculty, with leading-edge academic and student programs, and with your fellow students have helped shape you and unlock the doors to your dreams.

They have prepared you for your next step in a new journey that begins tomorrow, on a pathway grounded in the talents and civic-minded spirit you nurtured here that will lift your careers, your families, and your communities.

On behalf of the entire University of Illinois family, it is an honor to celebrate you, joined by the proud family and friends who have supported you along the way. Enjoy your day and come back often.

**Timothy L. Killeen**  
President

Congratulations on reaching this milestone in your life and journey at Illinois. Today, we hope you feel celebrated and proud of what you have accomplished.

Most students do not end up at Illinois by accident. You worked hard to earn admission, and you worked even harder to excel in your coursework as a student here.

To get to this point, you have faced challenges, surmounted hurdles and maybe even changed your mind about the path of your career entirely. I hope you are extraordinarily proud of the work you have done to be sitting in blue regalia, in this seat, in this stadium at one of the best universities in the world. To the parents, spouses, children, friends, mentors and family members who are with us today—we also want to extend gratitude to you. Not one of us makes it here on our own, and we thank you for providing these graduates with support and encouragement. You are an important part of this university, and today we congratulate you as well.

Graduates, today is the conclusion of your time as a student at Illinois.

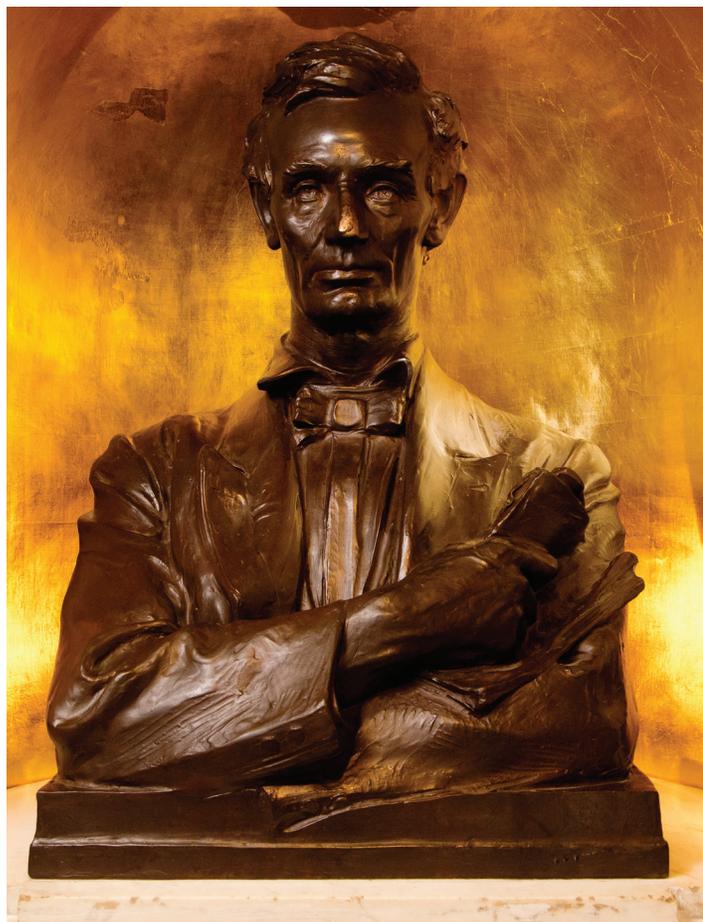

But it is also the official welcome into the Illinois alumni family and network. We hope you stay connected as you embark to make your own impact on the world.

**Robert J. Jones**  
Chancellor

# EXPERIENCE CAMPUS

## ILLINI UNION

The Illini Union serves as a resource to the entire campus community. Generations of students have enjoyed its programs, services, and cozy couches since the student center first opened its doors in 1941.

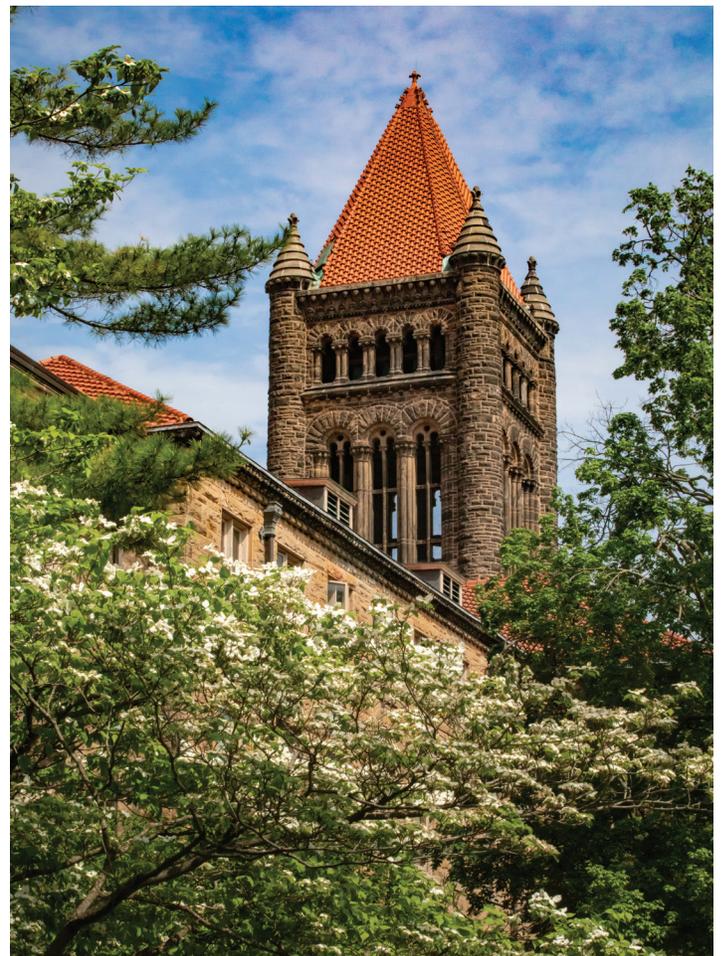

## LINCOLN BUST IN LINCOLN HALL

A bust of Abraham Lincoln keeps vigil in the hall as students travel to classes in Lincoln Hall. His nose is shiny bright from the thousands of students who have reached out to rub it, seeking a little good luck from “Honest Abe.” The bronze statue is especially popular before big exams, midterms and finals.

## ALTGELD CHIMES

You know you’re on campus when you hear the stately ring of “Hail to the Orange” from the Altgeld Hall chimes. The original campus bell tower sounds every 15 minutes, and generations of students have enjoyed its lunchtime concerts.

## UNIVERSITY LIBRARY

With more than 14 million volumes and 24 million items, the University of Illinois Library is one of the largest public university libraries in the world. Students, faculty members, researchers and scholars will find materials in all formats, languages and subjects, as well as plenty of spaces to study.

## ALMA MATER

Standing tall on the north side of Altgeld Hall, the iconic Alma Mater sculpture welcomes new and returning Illini to campus with open arms. The 10,000 pound sculpture depicts a woman wearing academic robes flanked by two figures representing the university's motto, "Learning and Labor". The inscription on the base of the statue reads: "To thy happy children of the future, those of the past send greetings."

## ETERNAL FLAME

Originally a gift from the graduating class of 1912, the former ever-burning oil lamp promises eternal love after kissing your sweetheart beneath it. While the flame has since been replaced with a light bulb, it still maintains that "A lover's kiss will bring eternal bliss." The flame "burns" on a pillar between Lincoln Hall and the English Building.

## MORROW PLOTS

Meet the most famous cornfield on campus. The longest running experimental field in the Western Hemisphere, the Morrow Plots became a National Historic Landmark in 1968. The plots continue to be used to advance agricultural research each year, and their prominent location south of the Main Quad makes them a fan favorite.

# HONORARY DEGREES

## MICHAEL T. AIKEN

### Honorary Degree of Doctor of Science and Letters

Michael T. Aiken, social scientist, educator, administrator. As chancellor of the University of Illinois at Urbana-Champaign, your visionary leadership laid a foundation for transparent strategic planning, robust philanthropic support, experiential learning for students, and support for translational research as an engine of economic development.

You are a renowned sociologist specializing in organizational theory. As Illinois' sixth Chancellor, you applied this knowledge to improve the student experience, the faculty work environment, and relationships with alumni, friends, and its host communities.

You led a strategic planning process that resulted in the Framework for the Future, which outlined 150 actionable items to build on the institution's land grant missions. Recognizing that more funding would be required to meet the Framework's goals for expanding the number of people and programs, you led the Campaign Illinois fundraising effort beyond the billion-dollar mark. More than 100 new endowed positions were established during your tenure.

You expanded studying abroad opportunities; created new Living and Learning Communities; established first-year Discovery classes; and established New Student Convocation, all to enhance the undergraduate experience. You worked toward the creation of the Research Park to enhance corporate-academic collaboration and facilitate the transfer of campus research to economic development. You built collaborative relationships with local communities that resulted in a more beautiful, safer campus.

In recognition of your outstanding leadership and your commitment to the continued excellence of this institution, and upon the recommendation of the Senate of the University of Illinois at Urbana-Champaign, it is an honor to present you to the President of the University for the honorary degree of Doctor of Science and Letters.

**Presented by: James Anderson, Dean, College of Education, University of Illinois at Urbana-Champaign**

## CARLA DIANE HAYDEN

### Honorary Degree of Doctor of Humane Letters

Carla Diane Hayden, librarian, administrator, public servant. Your dedication to equity of access to information has carried you to the highest positions in the field of library and information services. Your early work as a children's librarian for the Chicago Public Library ignited a career-long passion for enhanced information services to youth.

As director of the Enoch Pratt Free Library in Baltimore, you transformed a deteriorating library system into a vital community service agency. During the 2015 Baltimore riots, you famously kept the libraries open to create safe spaces and continuing access for all residents.

You were elected president of the American Library Association, where you led the creation of the Spectrum Scholarship program to help underrepresented students become the next generation of leaders in libraries. And you led the successful challenge of the government's attempt under the Patriot Act to gain unwarranted access to users' library records, for which you were named Ms. Magazine's 2003 Woman of the Year and recognized with the ALA's top honor, the Joseph W. Lippincott Award.

You are the first woman and first African American Librarian of Congress, where you are raising awareness of the Library as a treasured national resource, enhancing its Young Readers Program, and increasing access to materials through new technologies.

In recognition of your work to protect freedom of information and your commitment to equity in access to information, and upon the recommendation of the Senate of the University of Illinois at Urbana-Champaign, it is an honor to present you to the President of the University for the honorary degree of Doctor of Humane Letters.

**Presented by: Allen Renear, Dean, School of Information Sciences, University of Illinois at Urbana-Champaign**

# UNIVERSITY HONORS

## 2019 BRONZE TABLET SCHOLARS

The University Honors designation, the highest academic honor awarded to an undergraduate, is limited to those students who have demonstrated their capacity for sustained academic excellence of a high order. To be eligible for this honor, students must have a cumulative grade-point average of at least 3.5 and must rank on the basis of cumulative grade-point average in the upper 3 percent of their college graduating class on the basis of all work taken through the academic term prior to graduation. University Honors recipients wear orange and blue braided cords as part of their formal academic attire.

As recipients of this honor, each of the following students will have his or her name inscribed on a bronze tablet that is displayed in the corridor of the University Library. For this reason, University Honors recipients are known informally as “Bronze Tablet Scholars.”

# WELCOME TO THE FAMILY

**WHEN YOU BRING THE BRIGHTEST MINDS TOGETHER, EVERYTHING CHANGES.**

Since 1867, the University of Illinois at Urbana-Champaign has tackled global problems and expanded the human experience. The more than 460,000 alumni worldwide have a history of turning what might be possible into a reality.

As you take your next steps, remember that the familiar Illinois orange and blue is never far away.

**CONGRATULATIONS, CLASS OF 2019!**

## STAY CONNECTED

This program contains an unofficial list of candidates for graduation on May 11, 2019, and a list of graduates who received degrees in August 2018 and December 2018.

The list of May graduates is as accurate as possible. However, because of printing deadlines, names of some degree recipients may not appear, while names of degree candidates may appear even though they have not completed their degree requirements.

The University's official registry for conferral of degrees is the Office of the Registrar, 901 West Illinois Street, Urbana, IL 61801.

Produced by the Office of Public Affairs in collaboration with the Office of the Registrar for the Office of the Chancellor. The University of Illinois is an equal opportunity, affirmative action institution. Printed on recycled paper with soy ink.
